How will this volunteer opportunity benefit you?

If you are a student, professional, or retiree looking for a meaningful volunteer opportunity that will have a positive impact on the life of a Syrian refugee to Canada, this opportunity is for you. Tasks that are simple for Canadians, such as taking the bus, talking to a doctor, attending a parent-teacher interview, or requesting repairs from a landlord, can be very difficult for refugees who lack English language skills and are unable to attend English classes for different reasons. This opportunity will allow you to share your knowledge and make a difference in the life of a newcomer to Canada.
