How will this volunteer opportunity benefit you?

This is an opportunity to help newcomers who are feeling isolated in these unprecedented times, learn English and connect with the community. If you are looking for a meaningful volunteer opportunity that will have a positive impact on the life of a newcomer to Canada, this opportunity is for you. Tasks that are simple for Canadians, such as talking to a doctor, or requesting repairs from a landlord, can be very difficult for newcomers who lack the needed English language skills. Our students are unable to attend English classes for different reasons. This opportunity will allow you to share your knowledge and make a difference in the life of a newcomer to Canada.
